

Tuesday, 1st March heralds the arrival of the new 11 plate registration and with it 11 good reasons why Stockport motorists should visit Lookers Renault.

First up is the \$64 million dollar question, what is Va Va Voom? Starring the likes of Thierry Henry, Dita von Teese and Rihanna, Va Va Voom is Renault's new TV advertising campaign and asks that very same question which visitors to Lookers Stockport will discover the answer to.

The second, third and fourth reasons are to test drive the award-winning Renaultsport range in the Mégane Renaultsport 250, Clio Renaultsport 200 and Twingo Renaultsport 133. For the second year running, all three hot hatches have been voted Best Hot Hatch in their respective price categories at the What Car? awards with the Mégane Renaultsport 250 also crowned Best Hot Hatch of 2011.

Renault's new limited edition Bizu range is reason number five. For a limited time only, Renault has made its popular Twingo, Clio, Mégane and Scénic models even more irresistible thanks to its new Bizu line-up and all with a very attractive price tag. All models also come with Bluetooth connectivity, electric front windows and ABS as standard.

Number six is Renault's fixed price service plan helping motorists stay on the road for less. Available now from £159, the new peace of mind service plan is available for all routine servicing and covers the brand's full car range for three years up to 30,000 miles (whichever is reached sooner).

Parts, labour and VAT are all included leaving no nasty surprises.

Lucky number seven is the latest edition to the Gordini line-up in Renault's new Wind Roadster Gordini. The new convertible follows on from the successful launch of the Twingo and Clio Gordini models and boasts the finest equipment available on the chic two-seater dressed in the signature Gordini blue and twin white stripes.

Eight is Renault's impeccable safety record with 12 of its cars having achieved the maximum five-stars available in the Euro NCAP safety rating. Meanwhile reason number nine is the French firm's impressive commercial vehicle performance having sold more LCVs in Europe than any other manufacturer for the past 12 years.

The final two reasons speak for themselves with Renault's gorgeous Wind Roadster and Mégane Coupé-Cabriolet drop-top models. With spring just around the corner, both of these convertibles would look great brandishing an 11 plate registration from Lookers Stockport

Grant Digby, General Manager at the dealership, said: "With great savings to be made and a range to suit all needs, there really hasn't been a better time to come and visit us and order your new Renault sporting an 11 plate registration."
